Survey Ranks Bristol Highest In Modern Home Ownership

(Special to the Courier)

NEW YORK, May 29 — A greater portion of Bristol's population own the homes they live in and the homes are more modern and in better repair than are dwellings in most parts of the country.

These are the findings of the U. S. Department of Commerce, based on the recent national Census of Housing. The results are now being made public.

Of the 3,413 occupied dwelling units in the city, 68 percent are owned by their occupants. The census figures show that 89 percent of the homes have it. It is less common elsewhere in the United States, 80 percent.

More common, also, in Bristol, than in most communities are homes with running hot and cold water, flush toilets and bath. The count shows 90 percent of the dwellings with these features. The average for the nation is 64 percent. For Pennsylvania it is 71 percent.

With the housing shortage still with us, despite the construction activity of the last few years, the value of one-family dwellings has been rising steadily. The report shows that the median value of non-farm, owner-occupied units in the United States has reached \$7,400.

Better economic conditions locally in the past decade have made it possible for more people to satisfy the urge to acquire their own homes.

As a result of the building boom of recent years and the remodeling of many old houses, a larger proportion of dwellings in Bristol than ever before can now boast of having central heating. The percentage is 88. This is more than is reported for other cities throughout the country, an average of 50

Group Backs Plan for New Patrolmen at Meeting Last Night

Urging that a police training school be set up in Bucks County, Clarence K. Wenhold, Quakertown, president of the 129-member Bucks County Police Association, speaking before the association at Goodwill House Co., No. 3, hall, Swain and Mifflin streets, last night declared:

"We should have started such a school long ago. Now we put a new patrolman out on the street, give him a gun and a belt full of bullets, and everybody's life is in danger."

"As soon as new patrolmen pass their civil service examinations they should be sent to school for instruction before being put on duty."

Edward T. Roberts, Morrisville, declared: "It's not a question of the men wanting to go to a police school but a question of the borough councilmen and the township supervisors wanting to pay the cost of instruction."

Survey Ranks Bristol Highest In Modern Home Ownership

(Special to the Courier)

NEW YORK, May 29 — A greater portion of Bristol's population own the homes they live in and the homes are more modern and in better repair than are dwellings in most parts of the country.

These are the findings of the U. S. Department of Commerce, based on the recent national Census of Housing. The results are now being made public.

Of the 3,413 occupied dwelling units in the city, 68 percent are owned by their occupants. This compares favorably with the national figure for cities, which shows 51 percent home ownership. Among all cities in the State of Pennsylvania the average is 56 percent.

Better economic conditions locally in the past decade have made it possible for more people to satisfy the urge to acquire their own homes.

As a result of the building boom of recent years and the remodeling of many old houses, a larger proportion of dwellings in Bristol than ever before can now boast of having central heating. The percentage is 88. This is more than is reported for other cities throughout the country, an average of 50

MEMORIAL DAY

For more than 80 years, Memorial Day has been inseparably associated with one war — the Civil War — and the day has been dedicated, particularly to those who laid down their lives in that war. Inasmuch as Memorial Day had its origin in the nation's desire to honor its Civil War dead, observance of the day naturally and properly centered around the gallant old soldiers who survived that conflict. Only one of those is living today.

But it is with a sense of inspiration and high faith that the nation realizes, though warriors must die, this day of memorial will not be with them. Rather will it become a greater and more solemn time of remembrance.

For Memorial Day has become more than an occasion dedicated to the veterans of one war—keen as the national sense remains of the magnitude of their sacrifice. It has become a day set apart in remembrance of the gallantry, the devotion, and the sacrifice of America's soldiers in all wars.

Civil War veterans took a leading part in broadening the nature of Memorial Day observance to include their sons of the Spanish War and their grandsons of World War I. Now all Americans regard it as an occasion for reverent and grateful tribute to those who have gone forth to die for their country in all its wars.

The quality of individual sacrifice in war remains the same. It is possible to be wholly opposed to war, in theory, as an instrument of settling international differences and, at the same time, to realize this:

The man who offers his life for his country, in full loyalty and devotion, is entitled to the reverent homage of his countrymen—and that rule applies to all wars.

TIME IS FLEETING

The eighth anniversary of World War II in Europe passed with scarcely a mention in the press, and the ending of the conflict with the surrender of Japan came 4 months later. To many persons it seems as if those events could not have occurred that long ago. To others, World War II seems like a far off had dream.

Certainly few persons in those days in 1945 dreamed that eight years later the United States would be three years at war with the reds in Korea, with a casualty toll of more than 130,000.

Perhaps it is fortunate that it is not given to man to read the future with any degree of accuracy.

The fact that World War II, which ended in joyous relief eight years ago, brought more problems than solutions in its wake, does not necessarily signify that they are insoluble. Perhaps the world is nearer a solution to its most vexing problems than men dare hope.

COMMUNICATION

Edgington, Penna., May 27, 1953.

Honorable Hiram H. Keller, President Judge, Bucks County Doylestown, Penna.
Dear Judge Keller:

In the interest of good government I will publish what I found to be true during my official watch at Bensalem Township Lower East Polling District at the Primary Election, May 19, 1953. My wife and I worked all day for Mr. Robert Stiegelman, Republican Committeeman, until the polls closed at 9 p. m. (D. S. T.), more than ten feet from the entrance of the polling place, giving out sample ballots marked for Mr. William White, candidate for Township Supervisor.

Mr. Howard Davis, Republican Committeeman, worked inside the room where the voting took place, taking my ballots from the people and giving out ballots marked for Harold M. Neal. Although this was my first time working at a polling place, I believed this to be wrong, so I questioned Mr. Francis Kleha, the Democratic Committeeman, as to the legality of Mr. Davis electioneering inside the polling room, because I was instructed to keep more than ten feet from the polling place entrance. Mr. Kleha told me it was legal for the Republican Committeeman to do this.

When the ballots were counted I noticed about twenty-nine sticker votes for Julia M. Hilshos for Tax Collector on the Republican ballot. The election board doesn't show by their tally that they counted any of these votes for Julia M. Hilshos.

The sermon will deal with our heritage of freedom and our gift from the past with which to live in the present and face the future.

—The Evangelism Committee

The Democratic Committeeman, Mr. Kleha, made all the tallies as the Election board made the count.

Engelbert Smith, Constable, used his car to bring voters to and from the polls.

After witnessing as a watcher it is not hard to understand why the people don't come out and vote. I therefore ask the Court to put two overseers at this district for the Election in November of this year, and it would not be a bad idea to open the ballot box and recount the votes cast at this Primary.

MEMORIAL DAY

For more than 80 years, Memorial Day has been inseparably associated with one war — the Civil War — and the day has been dedicated particularly to those who laid down their lives in that war. Inasmuch as Memorial Day had its origin in the nation's desire to honor its Civil War dead, observance of the day naturally and properly centered around the gallant old soldiers who survived that conflict. Only one of those is living today.

But it is with a sense of inspiration and high faith that the nation realizes, though warriors must die, this day of memorial will not die with them. Rather will it become a greater and more solemn time of remembrance.

For Memorial Day has become more than an occasion dedicated to the veterans of one war—keen as the national sense remains of the magnitude of their sacrifice. It has become a day set apart in remembrance of the gallantry, the devotion and the sacrifice of America's soldiers in all wars.

Civil War veterans took a leading part in broadening the nature of Memorial Day observance to include their sons of the Spanish War and their grandsons of World War I. Now all Americans regard it as an occasion for reverent and grateful tribute to those who have gone forth to die for their country in all its wars.

The quality of individual sacrifice in war remains the same. It is possible to be wholly opposed to war, in theory, as an instrument of settling international differences and, at the same time, to realize this:

The man who offers his life for his country, in full loyalty and devotion, is entitled to the reverent homage of his countrymen—and that rule applies to all wars.

TIME IS FLEETING
The eighth anniversary of World War II in Europe passed with scarcely a mention in the press, and the ending of the conflict with the surrender of Japan came 4 months later. To many persons it seems as if those events could not have occurred that long ago. To others, World War II seems like a far off bad dream.

Certainly few persons in those days in 1945 dreamed that eight years later the United States would be three years at war with the reds in Korea, with a casualty toll of more than 130,000.

Perhaps it is fortunate that it is not given to man to read the future with any degree of accuracy.

The fact that World War II, which ended in joyous relief eight years ago, brought more problems than solutions in its wake, does not necessarily signify that they are insoluble. Perhaps the world is nearer a solution to its most vexing problems than men dare hope.

COMMUNICATION

Eddington, Penna., May 27, 1953.

Honorable Hiram H. Keller, President Judge, Bucks County, Doylestown, Penna.

Dear Judge Keller:
In the interest of good government I will publish what I found to be true during my official watch at Bensalem Township Lower East Polling District at the Primary Election, May 19, 1953. My wife and I worked all day for Mr. Robert Stieglman, Republican Committeeman, until the polls closed at 9 p. m. (D. S. T.), more than ten feet from the entrance of the polling place, giving out sample ballots marked for Mr. William White, candidate for Township Supervisor.

Mr. Howard Davis, Republican Committeeman, worked inside the room where the voting took place, taking my ballots from the people and giving out ballots marked for Harold M. Neal. Although this was my first time working at a polling place, I believed this to be wrong, so I questioned Mr. Francis Kleha, the Democratic Committeeman, as to the legality of Mr. Davis' electioneering inside the polling room, because I was instructed to keep more than ten feet from the polling place entrance. Mr. Kleha told me it was legal for the Republican Committeeman to do this.

When the ballots were counted I noticed about twenty-nine sticker votes for Julia M. Hilsbos for Tax Collector on the Republican ballot. The election board doesn't show by their tally that they counted any of these votes for Julia M. Hilsbos.

Why not attend Church this Memorial Sunday?

The sermon will deal with our heritage of freedom and our gift from the past with which to live in the present and face the future.

You will be most welcome.

—The Evangelism Committee

The Democratic Committeeman, Mr. Kleha, made all the tallies as the Election board made the count.

Engelbert Smith, Constable, used his car to bring voters to and from the polls.

After witnessing as a watcher it is not hard to understand why the people don't come out and vote. I therefore ask the Court to put two overseers at this district for the Election in November of this year, and it would not be a bad idea to open the ballot box and recount the votes cast at this Primary.

Sen. Watson's Bill Would Fete Official Guests

DOYLESTOWN, May 29 — Senator Edward B. Watson this week introduced into the State Senate a bill for the appropriation of \$25,000 to entertain official guests of the Commonwealth of Penna. The measure has been referred to the appropriations committee.

At his office here, Sen. Watson said this morning, "This is nothing new. It has been done from time to time when money was needed for this purpose. Similar appropriations are made in other states to entertain out-of-state guests."

Sen. Watson said a portion of the appropriation, if the bill is adopted, will be used to entertain visiting governors from a number of states who will be invited to the dedication of a graveyard for unknown soldiers of the Revolutionary War at Washington Crossing State Park, a project planned for the near future.

tendent Ernest H. Harvey completed the large memorial cemetery containing the bodies of some of the earliest "unknown soldiers" in American history—about a score of Washington's Continental Army soldiers who died while the Army was camped at Bowman's Hill.

One of the features of the Memorial Cemetery is a flagstaff upwards of 200 ft. high. Located clockwise around the base are 13 large flagstones contributed by each of the 13 original colonies.

Because of the difficulty of handling crowds coming to this historic site, the Park Commission has never been able to hold dedication ceremonies appropriate to the importance of the memorial.

The new bridge long-sought by the Commission, will permit such a dedication to be held sometime in the future.

The span replaces another bridge declared unsafe for vehicular traffic.

State Senator Edward B. Watson who, as Bucks County's principal spokesman at Harrisburg was primarily responsible for obtaining State aid in constructing the bridge, was unable to attend the ceremonies because of legislative problems at Harrisburg.

New Bridge

Continued from Page One
tendent Ernest H. Harvey completed the large memorial cemetery containing the bodies of some of the earliest "unknown soldiers" in American history—about a score of Washington's Continental Army soldiers who died while the Army was camped at Bowman's Hill.

One of the features of the Memorial Cemetery is a flagstaff upwards of 200 ft. high. Located clockwise, round the base are 13 large flagstones contributed by each of the 13 original colonies.

Because of the difficulty of handling crowds coming to this historic site, the Park Commission has never been able to hold dedication ceremonies appropriate to the importance of the memorial.

The new bridge long-sought by the Commission, will permit such a dedication to be held sometime in the future.

The span replaces another bridge declared unsafe for vehicular traffic.

State Senator Edward B. Watson, who, as Bucks County's principal spokesman at Harrisburg was primarily responsible for obtaining State aid in constructing the bridge, was unable to attend the ceremonies because of legislative problems at Harrisburg.

All merciful and loving Father, in those hands are the souls of all men. Unto Thee we direct our hearts on this Memorial day. We are deeply conscious of the profound lesson — that love dies not; that love is mightier than the grave; that those who gave their dearest — life itself for the preservation and perpetuation of justice and peace, principles for which our country stands are cherished by all Americans.

We pray Thee O Father, make this day meaningful to us. May this day, dedicated to our war heroes, prove that they did not die in vain. May this day of memorial be a day of rededication to the ideals of justice, righteousness and peace.

All merciful and loving Father in those hands are the souls of all men. Unto Thee we direct our hearts on this Memorial day. We are deeply conscious of the profound lesson — that love dies not; that love is mightier than the grave; that those who gave their dearest — life itself for the preservation and perpetuation of justice and peace, principles for which our country stands are cherished by all Americans.

We pray Thee O Father, make this day meaningful to us. May this day, dedicated to our war heroes, prove that they did not die in vain. May this day of memorial be a day of rededication to the ideals of justice, righteousness and peace.

SPORTSMEN'S BRIEFS

Olle Hobbs
Pinch-Hitting for Joe Elbertson

Here is something for the trout fishermen to work on. Ralph Baker caught a 20½-inch brown trout last Saturday in the Musconetcong River in New Jersey. This fish is entered in Bristol Fish & Game Association's contest. It is the largest fish entered in the trout division this year.

Ralph and a party of four caught 24 trout. They had only two trout until late in the afternoon. The river was muddy and high in the morning, but Ralph said the stream started to clear up around one o'clock. Then the trout started to strike around six and they had 24 which they could keep. They put back several trout which were under 11 inches.

This is the largest trout Ralph and his party ever caught, and they have been fishing the Musconetcong River for about 25 years.

Fishing has opened up at the shore at last but don't take any orders or promise any to your friends until you catch them. They have picked up a few blues out in the boats. They are catching a few kings and a stray blue or two in the surf.

According to reports there are plenty of blues in the inlets, but I have not seen them yet. This might be a trick to get you down there. I have been fooled by sportswriters before. This is only what I heard, but I hope it turns out to be the truth.

They are catching calico bass in Silver Lake and at Maple Beach. They are really nice sized. I caught quite a number of them myself.

I want to ask the fishermen to do us a favor which will also benefit them later. The fish are spawning along the shores of our lakes and streams. Please do not try to catch them. If you do, use them gently when you take them off the hook and put them back in the water. These fish have thousands of eggs in them, and every one which is hurt means we will have less fish next year. I have been up the canal, and I saw fellows fishing with artificial plugs with gang hooks on them. These fishermen are just about the lowest kind of meat hounds I have ever seen, and I hope everyone who uses these plugs gets caught and has to pay a fine or is put in jail. What we need is a good warden to take care of this kind of hog.

Here is a fish story for the lady fishermen. While fishing at Wildwood Villa in a row boat, Ida Pirrelli landed a 72-pound black drum fish. She had quite a struggle with the fish, but landed it in 45 minutes. Ida is a seasoned fisherman. Her husband wanted to help her land the fish, but she said she could take care of it herself, and did. Ida and Dominic have caught three drum fish this year. They said they used clams for bait. Wouldn't that be a nice fish for our contest?

Cohen Sets Record As Bristol High Is Easy Track Winner

MORRISVILLE, May 29 — Larry Cohen, fleet-footed Bristol star, broke one record and tied another as Bristol High copped the Lower Bucks County Track and Field Championship Meet in the senior division for the 12th time in 13 years of competition.

Bristol scored 59 points, 27½ points higher than its closest competitor, Pennsbury High. Delhaas High came in a surprising third with 27 points. Neshaminy and Southampton followed with Morrisville getting a disappointing 9. Council Rock had 5½ points with Bensalem failing to register.

Five records were broken and one tied in the meet. Cohen broke the 100 yard dash mark by clipping off the century in the amazing time of .09.9.2. The old record of 10.3 was made in 1950 by Bob Feller, of Morrisville. Cohen also tied the 220 record, doing the run in 23.4.

Loring Bixler eclipsed the record in the 880 yard run by doing the distance in 2:10.8 while Roland Mickey Davis, Bristol, ran the 440 in 52.5 to knock off 2 seconds off the old mark set by Herman Welker, also of Bristol, in 1949.

The mile relay team of Bristol, composed of Sid Taylor, Andy Gail, Dominic Sottile and John Pollard, ran the mile in 3:43 which was .01.7 better than last year's Bristol team.

Bob Morris, Delhaas, broke a record in the field events when he threw the discus 123' 6½". Bill Condit of Bristol established the old record of 120' 11" in 1950.

Bristol piled up its best points in the 220 as it finished one, two, three. It had a first, second, and fourth in the 100. Delhaas finished one, two in the discus with Pennsbury getting first and second in the pole vault.

NEWTOWN, May 29 — Bearing down in the clutches, Dick Shamon pitched the Croydon Comets to a Tri-County League victory here last evening. The Comets nosed out Newtown A. A. 3-2.

Shamon was in hot water in four of the seven frames but managed to pull through nicely, although in the sixth, he was saved by a spectacular catch by Jack Weaver in left field.

Bill Condit played a nice fielding game for the winners as well as collecting two of the five hits. The Comets meet Bustleton on the latter's field next Tuesday evening.

Kowal's bat aided the Eagles in the triumph as he batted three for three. J. McGinley would have had a shutout victory but for the hitting of Dugan and Cahall for the VFW.

Neshaminy High Runs Away With 17-5 Win Over PHS

LANGHORNE, May 29 — Two home runs by Ken Kauffman helped Neshaminy High to win its seventh straight game yesterday as the Indians defeated Pennsbury High, 17-5, in a Lower Bucks County League tilt. The triumph enabled Neshaminy to increase its lead in the circuit race as Bristol High remained idle.

In addition to the pair of homers by Kauffman, George Bowen connected for one in the sixth, the same inning that Kauffman had one of his.

In order to stem the hitting of the winners, Coach Cy Bachman, of Pennsbury, used four hurlers, Dave Gerard, Mike Baldovsk, Becker and Ray Bray. Gerard was the loser.

Tony Peale was the winning pitcher, allowing Pennsbury six hits. Peale had now won six games and lost one.

Score by Innings:

Pennsbury ... 0 0 2 3 0 0 — 5

Fifth Ward Winning Streak Ended by Franklin A. C.

The Franklin winning skein of five games was broken by Fifth Ward Sporting Club last evening on Memorial Park field. Despite its 9-6 defeat, Franklin maintained its grip on first place in the Bristol Suburban League.

Franklin hopped on to "Butch" Korevya for four runs in the first frame but from then on were prac-

tically helpless as he held them to four hits the remaining of the contest.

Fifth Ward scored the win by accounting for five runs off "Chick" Stansky in the last two innings. Stansky gave up five walks in these two fatal innings. The winners made seven hits with Ray Pierandozzi and Henry Liberatore collecting two each.

Here is something for the trout fishermen to work on. Ralph Baker caught a 20½-inch brown trout last Saturday in the Musconetcong River in New Jersey. This fish is entered in Bristol Fish & Game Association's contest. It is the largest fish entered in the trout division this year.

Ralph and a party of four caught 24 trout. They had only two trout until late in the afternoon. The river was muddy and high in the morning, but Ralph said the stream started to clear up around one o'clock. Then the trout started to strike around six and they had 24 which they could keep. They put back several trout which were under 11 inches. This is the largest trout Ralph and his party ever caught, and they have been fishing the Musconetcong River for about 25 years.

Fishing has opened up at the shore at last but don't take any orders or promise any to your friends until you catch them. They have picked up a few blues out in the boats. They are catching a few kings and a stray blue or two in the surf.

According to reports there are plenty of blues in the inlets, but I have not seen them yet. This might be a trick to get you down there. I have been fooled by sportswriters before. This is only what I heard, but I hope it turns out to be the truth.

They are catching calico bass in Silver Lake and at Maple Beach. They are really nice sized. I caught quite a number of them myself.

I want to ask the fishermen to do us a favor which will also benefit them later. The fish are spawning along the shores of our lakes and streams. Please do not try to catch them. If you do, use them gently when you take them off the hook and put them back in the water. These fish are thousands of eggs in them, and every one which is hurt means we will have less fish next year. I have been up the canal, and I saw fellows fishing with artificial plugs with gang hooks on them. These fishermen are just about the lowest kind of meat bounds I have ever seen, and I hope everyone who uses these plugs gets caught and has to pay a fine or is put in jail. What we need is a good warden to take care of this kind of hog.

Here is a fish story for the lady fisherman. While fishing at Wildwood Villa in a row boat, Ida Piroli landed a 72-pound black drum fish. She had quite a struggle with the fish, but landed it in 45 minutes. Ida is a seasoned fisherman. Her husband wanted to help her land the fish, but she said she could take care of it herself, and did. Ida and Dominic have caught three drum fish this year. They said they used clams for bait. Wouldn't that be a nice fish for our contest?

Pennsbury Jr. High New Track Kings In Annual Field Meet

MORRISVILLE, May 29—Pennsbury Junior High dethroned Delhaas Junior High as Lower Bucks County Junior High track kings yesterday on the Robert Morris field in the annual junior high track and field meet.

Pennsbury scored 35 points with Neshaminy coming in second with 32 points. Morrisville was closely behind with 30 points. Bristol followed with 26 points while the defending champions, Delhaas, had 18 points. Southampton racked up 14 points, Bensalem 4, while Council Rock failed to place.

Three new records were established and another tied in the meet. Bob Brewer, Morrisville, broke the 100 and 220 yard dashes. He ran the 100 in 10.8, one second faster than Les Gibbs, of Bristol, in 1950. The old 220 speed was set in 1952 by DeChico, Delhaas. Brewer ran it in 34.85.

By going over the bar at 9' 3", Ed VanDyne, Delhaas, beat the old record of 8' 6" set by Whitfield, of Pennsbury, in 1951.

Ross Smith, Delhaas, tied the high jump record by leaping over at 5' 1".

Besides Brewer, the only other double-winner was Fenton Larrisey, Bristol, who won the 120-yard low hurdles, and the shot put.

Cohen Sets Record As Bristol High Is Easy Track Winner

MORRISVILLE, May 29 — Larry Cohen, fleet-footed Bristol star, broke one record and tied another as Bristol High copped the Lower Bucks County Track and Field Championship Meet in the senior division for the 12th time in 13 years of competition.

Bristol scored 59 points, 27½ points higher than its closest competitor, Pennsbury High. Delhaas High came in a surprising third with 27 points. Neshaminy and Southampton followed with Morrisville getting a disappointing 9. Council Rock had 5½ points with Bensalem failing to register.

Five records were broken and one tied in the meet. Cohen broke the 100 yard dash mark by clipping off the century in the amazing time of .09.92. The old record of 10.3 was made in 1950 by Bob Felver of Morrisville. Cohen also tied the 220 record, doing the run in 23.4.

Loring Bixler eclipsed the record in the 880 yard run by doing the distance in 2:10.8 while Roland Mickey Davis, Bristol, ran the 440 in 52.5 to knock off 2 seconds off the old mark set by Herman Welker, also of Bristol, in 1949.

The mile relay team of Bristol, composed of Sid Taylor, Andy Gail, Dominic Sottile and John Pollard, ran the mile in 3:43 which was .017 better than last year's Bristol team.
